

Kirk Ella St. Andrew's C.P. School – I. Wood
Evaluation of Sports Premium Budget 2016-17 (£10,150)

Purchase	Cost (£)	Reason for Purchase	Target Sport	Target age group	Details
New equipment – misc. sports	£2550	Replace and provide equipment for every-day use in lessons, extra-curricular clubs, competitions and active-play times. Provide enough equipment to run inter house competitions and host additional inter-school competitions and provide equipment for introducing hockey into the curriculum.	Rugby, tennis, rounders, cricket, basketball, netball, football, misc. hockey, biathlon.	All	Used daily in curricular, extra-curricular sport and active-playtimes. Accelerated progress.
Replacement football kits	£771	Replace worn, incomplete and tired-looking football kits, raising the profile, image and self-pride of the school teams.	Football	Year 5/6	Used at multiple matches, tournaments and leagues at local and regional level.
South Hunsley School Sports Partnership membership	£1500	Access to CPD, inter-school competition and support, including Youth Sport Trust membership.	All	All	Vital for ongoing CPD and involvement in inter-school sport. Used in all elements of sport and PE.
Year 5 Outdoor Team Challenge Day	£500	Provision for outdoor and adventurous provision led by qualified instructors, including CPD for school staff on delivering such activities.	Outdoor and Adventurous	Year 5	All children in Year 5 attended – a brilliant event and a unique experience of physical problem-solving in the outdoor environment. School staff involved throughout and

					learned how such activities can be delivered.
CPD: Advanced Outdoor First Aid: PE Co-ordinator	£295	Make provision to administer first aid to a suitably high standard in the event of sporting injuries when working with teams and clubs on and off-site	All	All	Course attended and qualification gained.
Transport	£892	Transport teams to inter-school competitions and events and to access high quality facilities for training.	All	KS2	Transport provided to multiple rugby festivals and matches, football matches and tournaments, SHA (cluster, county and regional), Quad Kids (county and regional), biathlon, rounders, swimming (including training sessions), cricket, netball regional and area finals.
Competition Entries	£642	Allow pupils opportunities to compete in a wider range of sports and at national level.	Biathlon, Athletics	KS2	Entry for large number into biathlon events. Intra school biathlon paid for, entry into national biathlon final paid for, entry for Haltemprice Sports, affiliation to ERFA + England Netball
Intra School Biathlon	£300	Provide competitive to	Biathlon	KS2	Organisation, venue

		involve all pupils in KS2			hire and cover to run a large-scale biathlon event for all children in KS2.
Staff transport and accommodation for National Biathlon Final	£190	Allow qualifying children to compete at the highest level in a sport.	Biathlon	Y3-6	This was over a weekend in London, so no cover needed, but transport and accommodation required.
Pool hire – Haltemprice	£120	Train swimming and biathlon teams for competition, including competitive start at Beverley.	Swimming	Y3-6	As we have no pool, this allowed training that would not otherwise have been available.
Subsidy for Year 4 PGL Visit	£650	Give children in Y4 access to OAA sport in the form of a residential weekend. Staffing and transport costs paid for.	OAA	Year 4	Visit 20 - 22/5/2016
Year 6 Archery Session	190	Give Year 6 children the chance to try archery – something impossible in school	Archery	Year 6	Delivered as part of Y6 residential visit to Eskdale.
Cover for Sports Co-ordinator to organise and staff sports events on and off site.	£940	PE policy, provision mapping, extra-curricular opportunities	All	All	A small amount of time in school to organise sport, added to the many voluntary hours put in.
Cover to staff intra and inter-school competition	£610	Increase opportunities for intra and inter-school sports at Levels 1, 2, 3 and national.	Athletics, quad kids, sportshall athletics, tag rugby, rounders, netball, swimming, biathlon, cricket	All	KS1 + 2 Sports Days, Level 3 competitions, Level 2 competitions. National Finals ,

'Chance To Shine' Cricket Sessions	£100	10-week curriculum cricket tuition for both Year 4 classes	Cricket	Year 4	Access to higher level, sport-specific coaching for all Year 4 pupils.
------------------------------------	------	--	---------	--------	--

Total cost: **£10,250.**
 (£10,150 Sports Premium funding + £100 from School Fund.)

Impact of purchases on pupils:

New General Sports Equipment

Every PE, Games and extra-curricular lesson has had enough high quality equipment available for effective learning to take place. This has resulted in higher quality learning taking place across the school and has added to the children's excitement about sport and PE. Children have been able to try sports they previously did not have the opportunity to. We have been able to introduce additional extra-curricular clubs (e.g. Y3 dodgeball, Y1 multiskills, second change4life club, second netball club). Play leaders have had access to appropriate equipment to lead games over lunchtimes and many more children have been engaged in active play through use of increased high quality playtime equipment.

School Sports partnership

We decided to continue our membership of the South Hunsley School Sports Partnership and this decision has been fully justified. The events organised at the local secondary schools, the county finals and the regional finals have been well organised and enjoyed by a large number of our children. We have taken part in a wide range of sporting events (football, biathlon, cross-country, sports hall athletics, swimming, quad kids, rounders, netball and tag rugby). This level of variety and competition is why we will continue to opt into the partnership as the children, staff and parents all agree it is a great opportunity for the children to play competitive sport. Furthermore, our staff have taken advantage of the free CPD training sessions offered as part of the membership, developing their skills in active maths and multi-skills in particular.

Year 5 Outdoor Team Challenge

Comprising of various team challenges involving kayaks, ropes, water and fire, this day provided the children with adventure sports that cannot be taught without specialist instruction, equipment and physical resources. The day was led by a specialist in teaching such activities and was a superb day that provided the children in Year 5 with an exciting part of the curriculum that would otherwise not have been possible to cover. The same specialist also engaged with all staff, demonstrating and advising on how to lead such activities to get the best out of the children, providing valuable CPD.

Transport

Being able to pay for transport (including self-drive minibus for smaller teams and double decker buses for off-site intra school events such as biathlon) has allowed children who would not otherwise have been involved to take part in inter-school competitions and events, increasing the percentages of children involved across the whole of KS2 (see percentage table below).

Competition Entries

By paying competition entry fees, our children have had access to a higher level of schools sport. In the case of biathlon, we were able to qualify for and subsequently enter the national final at Crystal Palace, London, at which our school placed 5th and 9th in Great Britain at U10, and U11 – the highest ranked state school in the country. This has given us the opportunity to really stretch our more able children in particular.

Intra-school biathlon

Organising our own biathlon, run by school staff at a local leisure centre allowed every child in years 3 to 6 compete in a different sport, as well as providing them with the opportunity to achieve qualifying times for the county final. This event above all others raised the profile of sport in our school this year, as it involved so many children. We will continue to include this in our programme of intra school sport.

Staff Accommodation and Transport for National Biathlon Championships

Without paying for this, it would not have been possible for our qualifiers to get to the very top level of competition or have the opportunity to compete in such prestigious a venue as Crystal Palace. This event took place over a weekend (both days) and due to the distance, it would have been unreasonable to expect staff members to travel to and from London for an 8:00am start to manage the team on both days.

Pool Hire

As we do not have a swimming pool, this allowed us to take children to train for swimming competitions and biathlon.

Subsidy for Year 4 PGL Visit

This allowed children to access specialist outdoor and adventurous sport coaching who would not otherwise have been able to. We had a very high uptake on this optional residential visit as a result of this subsidy. This will be offered again next year.

Year 6 Archery

This allowed our Year 6 children to experience the sport of archery whilst on their residential visit. Without funding this, it would not have been possible as the archery activity was only introduced to the school's accommodation base a few weeks before the visit, which had already been paid for by parents. It required all children to take part to be a viable option as part of the visit, which meant funding it. The children gained a great deal out of the experience and it was one of the highlights of the week for many.

Cover for staff, including PE Coordinator

This has allowed staff to be released in order to develop their own teaching, to staff sports events and to allow the sport co-ordinator a small amount of time to organise events, resulting in higher quality provision for all children. This included a full school games week, involving all of KS2 in football, netball, tag rugby and multiskills tournaments, leading to 100% of children involved in more than 2 intra-school competitions.

Advanced Outdoor First Aid Training

Providing the PE co-ordinator with advanced outdoor first aid qualifications allows for all injuries to be dealt with thoroughly out on sports pitches, both in and out of school. This is an essential qualification to allow these activities to take place safely and for our school to be able to host inter-school competitions and tournaments.

'Chance To Shine' Cricket

All children in Year 4 participated in 10 weeks of specialist cricket coaching as part of their PE curriculum lessons. The high standard was evident and all children learned a lot from the experience. Several went on to join the extra-curricular cricket club and some joined the local cricket club, with which the school has created a new link.

% of children involved in Extra-Curricular competitive Sport (exc. Sports Day)						
	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17
