Dear Parents and Carers,

After the lockdown announcement, we all had very little time to get organised. The school have moved quickly to accommodate parents that classed themselves as key workers by using our original list while also providing the opportunity for other key workers to apply.

We are now reviewing this key worker list as we want to ensure the criteria we set is fair and equitable for everyone.

Therefore, we would like all keyworkers to provide up to date details of their status for our records. We will be reviewing these in the next week and it may mean, after review, that your child may have to stay at home when they have been in school previously. Please be aware that there can be a number of reasons why a child will be given a place.

Our main aim is that children stay at home if parents/carers are there. If for any reason you are at home working and are still required to leave from time to time for your work, then we may ask for evidence of this subsequently.

Please can you email your completed form to office@kirkella.eriding.net by Sunday 10th January at 5pm. There will be paper copies available to you at the front office if you require them.

Thank you to all parents who are trying hard to keep their children at home. If you have read this letter and subsequently feel that you can keep your child at home please let the office know on the email stated above and thank you for reviewing your circumstances. We do understand the difficulty everyone is facing but we do need to make very hard decisions to ensure the children and staff are kept protected.

Keep Safe,

Mr Church

Key Worker Form January 2020

Name of child: _____

Year Group : _____

Class: _____

Use the following link to find information about key worker status.

<https://www.gov.uk/government/publications/coronavirus-covid-19-maintaining-educational-provision/guidance-for-schools-colleges-and-local-authorities-on-maintaining-educational-provision>
