Location Knowledge		Name and locate the world's seven continents and five oceans. Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas.	Locate the world's countries, using maps to focus on Europe (including the location of Russia) concentrating on their environmental regions, key physical and human characteristics, countries and major cities.	Name and locate countries and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land use patterns; and understand how some of these aspects have changed over time	Locate the world's countries, using maps to focus on North and South America concentrating on their environmental regions, key physical and human characteristics, countries and major cities	Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones, (including day and night)
Place Knowledge	Understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non- European country – India.		Understand geographical similarities and differences through the study of human and physical geography of a region in a European Country – Italy.		Understand geographical similarities and differences through and the study of human and physical geography of a region within North or South America – St Lucia.	Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom – Eskdale/Lake District.
Human and physical Geography	Use basic geographical vocabulary to refer to: Key human features, including: city, town, village, farm, office, port, harbour and shop.	Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles. Use basic geographical vocabulary to refer to: Key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather.	Describe and understand key aspects of: Physical Geography, including : volcanoes and earthquakes.	Describe and understand key aspects of: Human geography, including types of settlement and land use. (Humber Forest Schools)	Describe and understand key aspects of: Physical geography, including: rivers and the water cycle. Human Geography, including: economic activity including trade links.	Describe and understand key aspects of: Physical Geography, including: climate zones, biomes and vegetation belts, mountains.
Geographical skills and fieldwork	Use simple compass directions (N, S, E,W) and locational and directional language (e.g. near and far; left and right) to describe the location of features and routes on a	Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the continents and oceans studied at this key stage (including locating	Use maps, atlases, globes and digital/ computer mapping to locate countries and describe features studied – Italy.	Use maps, atlases, globes and digital/ computer mapping to locate countries and describe features studied – United Kingdom. Use the eight points of a	Use maps, atlases, globes and digital/ computer mapping to locate countries and describe features studied- North or South American region. Use the eight points of a	Use maps, atlases, globes and digital/ computer mapping to locate countries and describe features studied – Eskdale. Use the eight points of a compass, four and six
