Educational Visits policy

Date of last Review: January 2022

Review in: Spring 2024

Kirk Ella St. Andrew's CP School

Educational/Offsite Visits Policy Statement

Introduction

All offsite visits and activities (apart from work experience or college placements which are dealt with separately) that are organised and undertaken by the school are regarded as "educational visits". Whenever pupils leave the school site under the direct or indirect supervision of school staff, they are undertaking an educational visit.

Aims and Objectives

The school aims to offer children a broad and balanced curriculum that promotes their spiritual, moral, cultural, mental and physical development, and prepares them for adult life. The school's headteacher and governors recognise the value and importance of learning outside the classroom, and encourage staff to organise educational visits that enrich the curriculum and enhance the learning and development of our pupils.

Types of visits organised by the school

The school offers a wide range of educational visits, which in the past have included:

- Foundation – Haltemprice Leisure Centre, Yorkshire Wildlife Park
- Year 1 – Pink Pig Farm, Sundown Park
- Year 2 – The Deep
- Year 3 – Eureka, Burton Agnes Hall
- Year 4 – Forest School Visit, Far Ings Nature Park, Murton Park
- Year 5 - Outdoor Adventure Challenge, Allerthorpe Park
- Year 6 - Murton Park, Residential Visit to Eskdale
- Year 3-6 Inter-School Sports Fixtures

Compliance

The school's policy is to comply with the LA's "Guidance for the Management and Leadership of Offsite Visits". The school's Educational Visits policy should also be read in conjunction with the other relevant school policy documents, such as the following:

- Health, Safety and Welfare policy statement
- Charging policy
- Safeguard/Child Protection
- Equal Opportunities/Inclusion/SEN
- PE Policy

Access to Policies and Guidelines

Staff involved in the leadership and management of visits should be familiar with all relevant guidelines and policy documents, and should know how/where this information can be accessed. The LA's "Guidance for the Management and Leadership of Offsite Visits" is accessible via EVOLVE Online.

Roles and responsibilities (for details see LA Offsite Visits Code of Practice)

The Headteacher has overall responsibility for all the school's educational visits. New/Acting Headteachers should contact the LA for guidance on taking up the position, and should access training from the LA as soon as possible during their first term regarding their responsibilities with respect to the management and approval of educational visits.

If the Headteacher is absent or unavailable, the Deputy Headteacher will act as the appointed deputy, and fulfil the same responsibilities regarding the management and approval of educational visits.

The School's Educational Visits Coordinator (EVC) is Mr. Thomas Cockshutt (Appointed: November 2017. Most recent training: 16th January 2018). The EVC oversees the planning and organisation of the school's visits, and

provides advice and guidance to staff and Headteacher, including recommendations regarding the approval of visits. New EVCs should access training from the LA during their first term regarding their responsibilities with respect to the management and approval of educational visits and should attend refresher/update training at least every 3 years.

The EVC role has admin support provided by the admin team. This role involves sending out parent letters/obtaining medical details and consent forms.

The Governing Body representative who is responsible for overseeing educational visits, and for assisting with the approval of res/overseas/high risk visits is Rachel Woodford (appointed 2021).

The LA Educational Visits Officer is Miss Clare Johnson (tel 01482 392417 or 07773041609 e. clare.johnson@eastriding.gov.uk).

Advice and Guidance

Staff should seek advice and guidance regarding educational visits from:

- the school EVC
- the Headteacher
- the LA Educational Visits Officer
- other experts with specialist/local knowledge (e.g. National Park ranger)

Training

The LA provides a range of training opportunities for staff involved in the management, organisation, and leadership of educational visits. A record of all training provided is maintained by the Admin team and stored in the office.

The school ensures the following training opportunities with regard to educational visits are made available:

- Training for Headteachers
- Training for EVC (including update courses every 3 years)
- Training for Visit Organisers and Group Leaders
- Training for NQTs and new staff
- Training for TAs/others
- In house training at staff meetings

Monitoring

To assure quality of standards on educational visits...

- The school's Headteacher and/or the EVC will accompany at least one visit per year to monitor real practice, and to assist with the review of policies and procedures.
- Records of these monitoring visits are stored in the **EVC Store Cupboard**.
- The school's Headteacher/EVC will complete the Manager Review (an online audit of our school's educational visits policies and procedures that is accessible for managers via the front page of ROVER online) and share the findings with the Governors and the LA Educational Visits Officer. This will be completed at least every 3 years or whenever a new Headteacher is appointed. Proposed actions in response to the review will be carried out in accordance with the target completion dates stated on the Review form, and will be reviewed annually by the EVC.

The following should be read in conjunction with the corresponding chapters in the LA "Guidance for the Management and Leadership of Offsite Visits", and provide additional information and policy statements that are specific to the school:

1. Planning and approval procedures

Visits should be recorded, checked, and approved in accordance with the following procedures:

Category 1 - DAY VISITS (ROUTINE)

Local visits that take place frequently or regularly throughout the year, or over a specific period of time (e.g. a series of six weekly visits) e.g. visits to local library/swim pool/away sports matches.

Category 1 visits should be recorded using:

- FORMS – Category 1 Visits Folder (Educational Visits Store)

Category 1 visits should be checked and approved:

Internally - by the Headteacher (with EVC support)

Category 1 visits should be submitted for approval:

- at the beginning of the academic year to obtain “blanket approval” for the year
- at least 2 weeks in advance of the first of a series of visits.

Category 2 – DAY VISITS (NON ROUTINE)

One-off or occasional visits e.g. day visit to The Deep, Pink Pig Farm

Category 2 visits should be recorded using:

- EVOLVE Online

Category 2 visits should be checked and approved:

Internally - by the Headteacher (with EVC support)

Category 2 visits should be submitted for approval:

- At least 2 weeks in advance of the visit or first of a series of visits.

Category 3 – UK RESIDENTIAL VISITS

Visits that involve one or more nights away from home in UK or Overseas.

Category 3 visits should be recorded using EVOLVE Online

Category 3 visits should be checked and approved:

Internally - by the Headteacher (with EVC and Governor support), and

Externally – by the LA Educational Visits Officer

Category 3 visits should be submitted for approval:

- At least 6 weeks in advance of the first day of the visit.

Category 4 – OVERSEAS VISITS

Residential or day visits to any place outside England/Scotland/Wales.

Category 4 visits should be recorded using EVOLVE Online (see EVC to request username/password)

Category 4 visits should be checked and approved:

Internally - by the Headteacher (with EVC and Governor support), and

Externally – by the LA Educational Visits Officer

Category 4 visits should be submitted for approval:

- At least 6 weeks in advance of the first of the visit.

For visits with significant financial commitment, “Outline Approval” should be obtained before firm bookings are made.

If any of the above 4 types of visit involve what may be regarded as “High risk activities or environments” they MUST be given an additional subcategory “A” classification:

Sub Category “A” – HIGH RISK ACTIVITIES and ENVIRONMENTS

All day visits, or residential or overseas visits that involve hazards that are significantly different or more serious (in terms of severity and/or likelihood) than might normally be encountered in everyday or school life e.g. a weekly climbing day visit = 1A, a day visit to dry ski slope = 2A, a residential stay at outdoor centre = 3A, an overseas trekking expedition = 4A. All Sub Category “A” visits should be recorded using EVOLVE Online

All Sub Category “A” visits should be checked and approved:

Internally - by the Headteacher (with EVC and Governor support), and

Externally – by the LA Educational Visits Officer

All Sub Category “A” visits should be submitted for approval:

- At least 6 weeks in advance of the visit.

For visits with significant financial commitment, “Outline Approval” should be obtained before firm bookings are made. All staff who lead visits are required to input their own information and assurances on EVOLVE Online / meet with the school EVC to input information and assurances on EVOLVE Online. All staff who lead visits are required to have their own EVOLVE username and password. Staff can request their own EVOLVE username/passwords by contacting the school EVC.

2. Visit objectives

All educational visits should have a defined purpose, with clearly stated, justifiable educational objectives, or else they may not be approved, and may not be covered by the LA insurance.

3. Selection of young people

Every effort is made to ensure that school journeys and activities are available and accessible to all who wish to participate, irrespective of special educational or medical needs, ethnic origin, gender or religion.

4. The Overall Group Leader/Visit Organiser

The Overall Group Leader must be assessed and approved as suitable and competent to fulfil their role and responsibilities by the Headteacher.

- Deputy Leaders should normally have been Assistant Leaders on at least 3 similar visits:
- Overall Group Leaders should normally have been an Assistant or Deputy Leader on at least 5 similar visits, and been a Deputy Leader on at least 1 of those visits

Headteachers might require Overall Group Leaders of more complex and demanding visits (e.g. residential/overseas visits) to have much broader leadership experience.

5. Deputy, Assistant and Volunteer Leaders

Visits normally require a Deputy Leader who is able to deputise, and take full responsibility for the Overall Group Leader, if necessary. Assistant Leaders should be chosen carefully, and must be assessed and approved as suitable and competent to fulfil their roles and responsibilities by the Headteacher, EVC and Overall Group Leader.

Leaders should consider carefully the implications of family members being present, and the possible complications that might arise.

The school has a responsibility to ensure that all adults involved in the supervision of children during school-related activities (including visits) are suitable people to work with children, and pose no threat to the young people in their care. Concerns about possible child abuse or poor practice by a member of staff, volunteer or other adult should be reported immediately. Young people on educational visits should at all times have ready access to a competent adult who has an appropriate level of first aid training. This normally requires at least one of the group's leaders to have an appropriate and current first aid qualification (6-8 hours of emergency aid training is the minimum training recommended for leaders on educational visits).

- Teaching assistants may be used as assistant leaders, but should not normally be overall or deputy leader.
- Parents and volunteers cannot be expected to take on the same level of responsibility as employed members of staff, but they should be seen as an integral part of the leadership team, with clearly defined roles and responsibilities. They may be used to enable closer supervision, but cannot be held responsible for a group. Groups should remain under the overall supervision of employed members of staff unless the parent/volunteer has Enhanced DBS Clearance with the school.
- Parents/Volunteers must agree to adhere to school policies (School Staff and Volunteer Code of Conduct). Read and agree to the Volunteer Code of Conduct Agreement. It must be made clear to any parent helpers on visits that they are there to support the entire group – not their own child – and must behave impartially at all times.
- Records of all staff that hold up to date first aid qualifications can be found at the school office.

6. Staffing selection and supervision ratios

Effective supervision is of the utmost importance in maintaining the safety and welfare of the children on educational visits. The LA's "Guidance for the Management and Leadership of Offsite Visits" provide recommended minimum staffing ratios, but the choice of staff and the decision regarding ratios is still a matter of judgement for the Headteacher, after consultation with the EVC and Overall Group Leader (and LA Ed Visits Officer, if necessary), as part of the risk assessment and management process. It is generally good practice to have at least two adults accompanying any off-site experience so that there is some flexibility and reserve capacity if things go wrong. For overseas visits, at least 3 adults should normally accompany the group, as additional reserve capacity and flexibility are often vital in these circumstances. Particular consideration should be given to staffing levels and qualifications required for visits that involve adventurous/high risk activities, and those that involve indirect or remote supervision.

- Staffing ratios to follow LA guidelines where possible. However, in some circumstances, lower ratios may be permitted, for example, depending on the expertise and experience of the staff or the type and location of the visit.
- Two staff should accompany a group as a minimum, but in some circumstances in which a single staff member leading a visit is acceptable. For example, sports fixtures where parents are present or for a small group a volunteer may be used. (e.g. 1 staff member and 1 volunteer acceptable)
- Wherever possible, staffing should include both male and female staff when working with a mixed group.
- Staffing ratios should be considered as part of the risk assessment process of planning a visit.

7. Selection and suitability of accommodation or venues to be visited

As part of the overall risk assessment process, and in keeping with their legal duty of care, the Overall Group Leader must take reasonable steps to check that any accommodation (e.g. youth hostel) that is used, and any venues (e.g. castles or museums) that the group plans to visit, are suitable, satisfactory, and acceptably safe. Many organisations now have websites or supply teacher information packs that provide all reasonable assurances regarding standards, or have obtained a Learning Outside the Classroom “Quality Badge”. However, if necessary, the Provider Assurance Form (EV2) can be sent to the manager of a place of accommodation or venue to be visited, requesting signed, written assurances regarding their safety management systems and operating procedures. When planning a visit, the Visit Organiser (and other group leaders) should, wherever possible, undertake an exploratory visit to inspect and familiarise themselves with the accommodation to be used and venues to be visited.

- Accommodation venues should be pre-visited by the party leader/EVC as part of the risk assessment process.

8. High risk activities and environments

Leaders who organise visits that involve high-risk activities and environments must be aware that such visits normally require a greater degree of planning and preparation by virtue of their complexity and unpredictability. All Category 1 and 2 (Day), Category 3 (UK Residential) and Category 4 (Overseas) visits that involve high risk activities and environments are classified as subcategory “A” and must be recorded on EVOLVE and approved by the EVC, Headteacher, Governors, and Local Authority. Leaders and other supervisors must be sufficiently competent to supervise pupils in the activity/environment. Competence derives from knowledge, experience, training and personal qualities and may be evidenced by holding the relevant National Governing Body (NGB) award where appropriate. The school keeps a record of staff qualifications, training and leadership experience. This is stored:

- On the EVOLVE online database

Visit Organisers should plan alternative activities and venues to cater for possible changes in circumstances (e.g. worsening weather or rising river levels), and all staff should be aware of these possible contingencies. The EVC will sometimes ask to see and check these plans.

9. Risk assessments and management

The school has a legal duty of care for its young people, and must therefore give careful consideration to the hazards involved during an educational visit, and ensure that risks are managed at reasonable and acceptable levels. The Visit Organiser should undertake an appropriate risk assessment for each visit, and this should be shared/discussed/agreed by all visit leaders before the visit takes place. Appropriate written evidence of this process should be provided.

The process of risk assessment should be a positive means of raising awareness of hazards and prompting constructive discussion regarding the best means of risk management – it should therefore be of real practical value to the leaders and group members, not just a paper exercise. A set of written generic risk assessments and a blank specific visit form is available in the resources section of EVOLVE Online.

School specific policy/procedures

- All relevant generic risk assessment forms are reviewed, amended, and agreed at the start of each academic year by all relevant staff.
- These generic forms are stored in clearly marked red files (labelled as Generic Risk Assessments) in the school office and staff are encouraged to reference these if unsure about agreed practice or before undertaking visits that they are less familiar with.
- New leaders/volunteers are asked to read all relevant forms and add their signed agreement before assisting with the leadership of a visit.

- An additional specific visit risk assessment should be completed by the visit leaders for each visit to record and share information about potential hazards and precautions that may be particularly noteworthy for that specific group, doing particular activities, at specific sites on that visit.
- Completed Specific Risk Assessments are approved by the school EVC or Head of Department.
- A hard copy of the Specific Risk Assessment must be taken on the visit. Any annotations can be made during the visit and can then be evaluated afterwards. This then can be filed in the Specific Risk Assessment Folder located in the school office.

10. Insurance and Finance arrangements (including charging arrangements)

The Headteacher/EVC/Overall Group Leader must ensure that adequate insurance arrangements are in place for all educational visits, and Group Leaders should check carefully that the scope and level of cover provided is adequate for each visit. Visit Organisers should also check that any external service providers have sufficient public liability cover (normally at least £5 million).

School specific arrangements:

- The school pays annually for LA Voyager insurance which covers all school visits within the UK (providing the visits are correctly approved) - renewal of the Council insurance policy generally takes place in May. If you are planning a visit abroad please complete the Insurance Proposal form for Visits in the EU and Worldwide (available on EVOLVE) and email the form to the Council's Insurance team on insurance@eastriding.gov.uk

The Visit Organiser and school EVC should ensure that:

- each visit is accurately costed and budgeted for;
- adequate allowances are made for additional unforeseen costs and changes in circumstances;
- financial plans – especially for more complex and committing visits – are checked over and agreed first by the EVC/Headteacher before financial commitments are made;
- for visits that involve substantial commitment financially (e.g. overseas expeditions), no firm bookings or financial commitments are made until the visit has been agreed and received “Outline Approval” by the relevant authorities;
- the costs of the visit are made clear to all concerned (including parents), including how much will come from school funds, and how much each parent will be charged or asked to contribute;
- money collected for visits is kept in a separate school account, and secure systems are in place to ensure that money is accessed and accounted for correctly.

Charging arrangements (for more details see school charging policy)

No charge may be made in respect of any activity that is deemed to take place in school hours. An activity is deemed to take place during “school hours” if 50% or more of the activity, takes place within school hours. If more than 50% is deemed to be outside of school hours then a charge may be made for “optional extras” only. For a residential, a school trip is considered to have taken place within school time if the number of school sessions missed by the pupils amounts to half or more of the number of half days taken up by the activity. The school will not charge for:

- any activity undertaken as part of the National Curriculum, or part of a syllabus for a prescribed public examination that the pupil is being prepared for at the school, or part of religious education.
- supply teachers to cover for those teachers who are absent from school accompanying pupils on a residential trip
- transport provided in connection with an educational trip during school hours.

The school may ask parents for voluntary contributions towards the cost of these visits, but it must be clear that any contribution is genuinely voluntary.

Where it is not permissible to charge parents, any subsidy will come from: school funds or voluntary funds.

The school may charge for activities that are provided wholly or mainly outside school hours, as long as these activities are optional extras (see details in the school charging policy) but any charge made in respect of individual pupils will not exceed the actual cost of providing the optional extra activity, divided equally by the number of pupils participating. The costs of the visit should be clear to all concerned, stating how much will be given from other school funds and how much parents are being expected to contribute. The school will normally make a charge for board and lodging on residential trips, and ask for a voluntary contribution towards transport and specialist instruction for certain activities.

Those pupils in receipt of free school meals are exempt from the cost of board and lodging during residential visits.

11. Overseas Visits

All overseas visits (Category 4) require Local Authority approval as well as School approval. Because of the additional complexity and financial commitment involved, staff planning overseas visits should seek outline approval for the visit at an early stage from all the relevant authorities, before parents or the school make commitments. It is good practice, wherever possible, for the Visit Organiser to make an exploratory visit to a location. If this is not reasonably practicable, then the Visit Organiser should gather sufficient appropriate information and assurances (via website/teacher pack) about the location and facilities. The level of staffing required for overseas visits should reflect not only the direct supervision needs, but also the contingency plans made for emergencies. It is not uncommon for a member of staff to need to return home early or to accompany a group member to hospital. The Overall Group Leader must ensure that the party is covered by comprehensive insurance that covers all travel and all planned activities. It is recommended that pupils carry a note in the relevant foreign language in case they get lost to help reunite them with the group. For exchange visits, both parents from host families in the UK are required to be ISA registered and to be CRB checked. Partner schools abroad are expected to make maximum practicable use of the facilities for vetting that are available in their own country. New organisers of ski visits, overseas expeditions, or other complex overseas visits should obtain specific training and guidance from the LA before organising a visit.

12. Transport

As part of the overall risk assessment process, the Visit Organiser must take reasonable steps to check that any transport used during the visit is suitable, satisfactory, and acceptably safe, and that any specific Local Authority or legal requirements are met. Leaders should refer to the Local Authority's generic risk assessments that give detailed recommendations for all standard forms of transport.

The school hires coaches/buses from:

- Companies that have already been checked and approved by the Council's Transport Services team and/or
- Companies whose safety management systems and operating procedures have been checked using the "Coach/minibus hire company enquiry EV3 form"

For the safe supervision of pupils on coaches/buses, group leaders are required to:

- Sit in various locations, spread throughout the coach
- Carry a first aid kit and a mobile phone

The Headteacher and EVC must ensure the safety of pupils travelling by private car, and should:

- assess and decide if the driver is suitably qualified, experienced and competent;
- inform parents and obtain their written consent (this may not be possible in emergencies);
- gain assurance on main points of reference – insurance, license, roadworthy, seatbelts, etc;
- carry out suitable Child Protection checks (Council policy requires all drivers carrying young people to be DBS cleared);
- ensure that drivers are aware of any specific requirements (e.g. compulsory use of seatbelts – individual school policies may require the use only of full 3-point seatbelts)
- ensure that drivers are aware of their responsibilities and school procedures (e.g. use of seat belts, keeping to speed limits etc).
- drivers have appropriate insurance – including business cover for employees.

For visits that require the use of staff cars, drivers must:

- have business insurance
- be assessed as competent and suitable by the headteacher/EVC (using the Driver validation form)

For visits that require the use of parents' cars. Drivers must:

- be assessed as competent and suitable by the headteacher (using the Driver validation form)
- sign to say their car is roadworthy, taxed and insured
- be DBS checked

For visits involving the use of minibuses (if applicable):

The school follows National and Local Authority regulations and guidance, and all minibus drivers have been assessed and approved by the LA Transport Services (from Sept 2008, all new minibus drivers will be required to successfully complete the MiDAS courses, and existing minibus drivers will be required to complete the MiDAS course at least once every 4 years).

School specific policy regarding use of minibuses:

- Minibus to be hired from Northgate Van Hire.
- Section 19 Minibus Permit will be displayed clearly.

- Authorisation of drivers – D1/MiDAS – and renewal of MiDAS every 4 years
- UK Legal driver hours will be adhered to.

13. Parent/Guardian information and consent

The Overall Group Leader and EVC must ensure that parents/guardians are provided with appropriate and sufficient information about all visits. The amount of information and method of provision will depend upon the type of visit planned and the assessed level of risk involved. Parents/guardians of each pupil are asked to complete and sign a consent form, which covers consent for all routine visits for their child entire school career for routine visits. Specific consent for a particular visit/activity shall be obtained via the ParentPay online site. There is no legal requirement to obtain parental consent for visits/activities during normal school hours, but it is nonetheless good practice to inform parents and seek consent for any activities that parents might be particularly concerned about.

Any special/medical needs of pupils are collated by the school Admin Team and supervising staff are briefed and trained accordingly. Parents are asked to give written consent to the administration of plasters and off-the-shelf first aid/medication, if deemed necessary. Medical information and consent forms can be obtained from the EVC/ LA's "Guidance for the Management and Leadership of Offsite Visits" Parents should be clearly informed of the arrangements and responsibilities for collecting a pupil after a visit. The Visit Organiser/EVC must obtain parent contact details for all pupils on the visit.

School specific policy regarding parent information and consent, in particular:

- Parents will be informed of visits by letter, email or text message.
- Leaders will organise meetings for groups of parents where necessary (e.g. residential visits) and will meet individually with parents when requested to address any individual concerns.
- Parental consent will be sought for all visits. For some day visits, this may be in the form of a blanket consent form for all visits throughout a year.
- Up-to-date medical information and contact details will be maintained for all visits.
- All relevant staff will be informed of any medical/special needs. They will be aware that all such information is confidential.
- Parental consent will be sought for the administration of first aid in the form of a blanket consent form to last for a child's school career. For any residential visits, an additional consent form will be provided to permit additional care that may be needed during the visit, e.g. use of some medications such as Calpol.
- Up-to-date parent contact details will be maintained.
- Parents will be informed of any out of hours returns/departures. They will be informed by text message if a return is significantly delayed.

14. Staff briefing and emergency procedures

It is important that all staff (including volunteers) involved in the leadership of a visit are fully briefed about each visit. Staff should be aware of their expected roles and responsibilities before, during and after a visit. Group leaders should be aware of emergency procedures and how to obtain outside assistance or contact the emergency services if required. Part of the planning for emergencies must involve the recording of one or more Emergency Home Contact(s) who should be available at any time during the visit. The Visit Organiser must ensure that group leaders have immediate access to the emergency contact details of the school managers and the parents of those on the visit. A properly equipped first aid kit is always available to staff during school visits and must be checked and taken on all visits. The educational visits first aid kits are stored in the Educational Visits Store (located opposite the staff room). All staff should be made aware of the conduct and behaviour expected of them during the visit, particularly in regard to issues such as smoking and alcohol use.

School specific policy regarding staff briefing and emergency arrangements, in particular:

- All staff on a visit will be under the direction of the party leader and should always be aware that the key priority is to keep the party safe. All staff accompanying visits should be aware of risks identified and manage them in line with the risk assessments. They must also maintain dynamic risk assessment at all times. Overall Visit Leaders will take responsibility for ensuring that all accompanying staff know their responsibilities and have access to emergency procedures, itineraries and all relevant information required. Should the overall leader become indisposed during a visit, the Deputy Leader is expected to assume full responsibility for the party. During a day visit, all staff will be on duty at all times. On residential visits, at least 2 members of staff (one of each gender) must be on call at all times throughout the night – pupils should be made aware of which rooms these staff can be found in. There will be a minimum of one designated and qualified first aider on every visit,

which will be responsible for ensuring that an appropriate first aid kit is carried and that any specific medical needs of pupils are met.

- All staff accompanying visits should be aware of emergency procedures. In most cases, these will be generic emergency procedures as outlined on the East Riding Emergency Procedures Chart, to be used in conjunction with the school's own generic emergency procedures sheet. Emergency home contact numbers should be always carried by staff. All staff to be aware that they must not at any point speak to anyone from the press if an emergency arises. All communication with press will be through East Riding Council and the Headteacher. In some cases, e.g. residential visits / non-local visits, a visit-specific emergency procedures plan will be required.
- For visits during normal school hours, the emergency home contact will be the school office phone number – 01482 657208. For any out-of-hours visits, the emergency home contact will be the Headteacher and/or the EVC. In such circumstances, the home contact must make sure that they can be contacted at all times whilst the visit is occurring and have immediate access to group details and contact numbers.
- Party Leaders should carry a mobile phone on all visits. The school office must be able to ring this phone and should therefore have immediate access to the phone number. For residential visits, the school mobile phone will be always carried by the overall party leader and pupils will have access to this number in case of separation from the group.
- Pupils will not be permitted to carry mobile phones on any school visits.
- First Aid equipment is stored in the Educational Visits Store Cupboard and should be checked by the party leader and/or designated first aider before departing.
- All staff have a duty of care towards all pupils on a visit and must behave in a professional manner, setting a good example to the children. Smoking is not permitted during a visit.

15. Briefing and preparation of young people

Providing relevant information and guidance to pupils is an important part of preparing for all school visits. Pupils should be briefed about safety arrangements and what clothing/equipment should be brought. Leaders must ensure that pupils clearly understand what will be considered unacceptable behaviour or conduct, and the consequences of non-compliance. "Buddy systems" are an effective means of promoting safety and welfare within the group. During any time that remote supervision takes place, the visit leader must ensure that pupils are aware of the supervision and emergency contact arrangements and that they have the necessary skills, maturity, responsibility, knowledge and equipment to operate safely as an independent individual/group. Pupils should be briefed what to do in an emergency, or if they become separated from the rest of the group. It is good practice to teach pupils how to recognise dangers and manage risks sensibly.

School specific policy regarding the briefing and preparation of young people, in particular:

- High standards of behavior are expected of all children on educational visits. In some cases, e.g. residential visits, pupils and their parents may be asked to sign behavior contracts, making it clear that if an individual's behavior is putting the safety of the individual and/or the rest of the group at risk, the individual will be removed from the visit, either before departure or during the visit. In such situations, parents will be expected to collect their child within a specified time and the child will be supervised in a safe environment until they arrive.
- The school's behavior policy will be adhered to during all visits, including the use of house points and yellow and red cards. Should a child demonstrate poor behavior in school prior to a visit, the risk assessment must reflect this, and measures should be put in place to ensure that the safety of the group can be maintained. If an individual's behavior presents an unjustifiable risk, the individual may be removed from a visit.
- Pupils should be given a designated group leader and should normally remain together in a group with their leader during a visit. In some cases, this may not be appropriate, in which case group leaders must ensure they know which children they are responsible for and that the children are aware of this. Buddy systems should always be used during periods of indirect supervision.
- Children with additional medical/educational needs should be considered as part of the visit-specific risk assessment and measures put in place to ensure their safety. All leaders must be aware that any information relating to children is confidential.
- Any children who require personal medication should be identified prior to a visit commencing. Medication should be carried and administered by the designated first aider, with the exception of emergency medication, such as inhalers/epipens/insulin, which should be carried either by the pupil (depending on age and maturity of

pupil) or the group leader. For residential visits, spare inhalers/epipens/insulin etc. should be accessible at the main base.

- In most cases, school uniform should be worn by pupils on educational visits. In some cases however, e.g. residential visits, OAA visits etc, this is not practical. Party leaders should ensure that children and parents are made aware of clothing requirements prior to the visit.
- In most cases, wristbands that clearly show the school's name and phone number should be worn at all times by pupils on a visit. In some instances, e.g. sports events etc., this may not be possible for reasons of health and safety. In these instances, the risk assessment should reflect the need for closer supervision of all children. On residential visits, children should carry emergency contact cards at all times, showing contact details for the party leader (school mobile phone), accommodation base and school phone number.

16. Documentation (and visit records)

The EVOLVE database will store key elements of Category 1,2,3,4 and "A" visit details securely and indefinitely. Hard copies of other supporting documentation (e.g. risk assessments) are stored and retained in the school's central Generic and Specific Risk Assessment files. This information is stored until such time that the Headteacher decides that all issues/ incidents arising from the visit have been dealt with fully. If no significant incidents occurred during the visit, the school disposes of the paperwork at the end of the academic year. If a minor incident occurred during the visit, the school disposes of the paperwork after a period of 6 years. If a significant incident occurs during a visit that could be investigated at a later date, all relevant details are retained until the young person becomes 21.

School specific policy regarding documentation and visit records, in particular:

- Records of all visits are stored securely and indefinitely in the EVOLVE Online system. (Previously ROVER)
- Records of all incidents and near misses are recorded and stored in the Educational Visits Incident Logbook, which is stored in the Educational Visits Store Cupboard.
- Records of all incidents and near misses on residential visits are recorded and stored in the Residential Visits Incident Logbook, along with copies of all emergency actions taken. This book is stored in the Residential Visits Briefcase located in Educational Visits Store

17. Visit Approval

Low risk day visits (Cat 1 and 2) are approved in-house by the Headteacher and EVC (with EVC guidance and support) using Day Visit form are stored in the Educational Visits File.

Day visits involving high-risk activities or environments (Cat 1A or 2A) are approved by EVC, Governors, Headteacher and LA, using EVOLVE online.

UK and overseas residential (Cat 3 and 4) including those involving high risk activities or environments (Cat 3A and 4A) are approved by EVC, Governors, Headteacher and LA using EVOLVE Online.

The Visit Organiser must carefully check all visit forms before submitting for approval.

When required, Governor Approval for a visit is given by the Chair of Governors.

The procedure for Governor Approval involves:

For low-risk day visits (Cat 1 and 2) – not required

For high-risk day visits (Cat 1A and 2A) – email (via EVOLVE online) to the governor with specific responsibility for overseeing educational visits or a hard copy of the visit form is given to and signed by the Chair of Governors.

For residential/overseas visits (Cat 3 and 4) and those involving high-risk activities/environments (Cat 3A and 4A) - email (via EVOLVE online) to the governor with specific responsibility for overseeing educational visits or a hard copy of the visit form is given to and signed by the Chair of Governors.

18. Visit approval status and feedback

The procedure for Managers (Headteacher/EVC) to notify the Visit Organiser of approval decisions and to give feedback involves:

For low risk day visits (Cat 1 and 2) – by signed hard copy (with comments) and filed in the Educational Visits File.

For high-risk day visits (Cat 1A and 2A) – an email is automatically generated via EVOLVE Online and sent to the visit organiser after the LA approval decision has been given. At any time, the visit organiser can access and view all approval decisions and any feedback given by accessing EVOLVE Online (see "View All Visits")

For residential/overseas visits (Cat 3 and 4) and those involving high-risk activities/environments (Cat 3A and 4A) - an

email is automatically generated via EVOLVE Online and sent to the visit organiser after the LA approval decision has been given. At any time, the visit organiser can access and view all approval decisions and any feedback given by accessing EVOLVE Online (see “View All Visits”)

If a visit is not approved or only given “Outline Approval” by a manager, they must give reasons for their decision and state clearly any changes that would be necessary

If a visit does not obtain the correct level of approval, it may not be covered by LA insurance and support.

19. Amendments to visits

If there are significant late changes to visit plans that have already been approved or submitted for approval, the Visit Organiser must notify all relevant approving authorities (EVC/Headteacher/ Governors/ Local Authority) of these changes and ensure that their additional consent is given. There should be a clear system for the notification and approval of amendments to visit plans, so that there can be no misunderstanding or confusion by any parties involved.

For low-risk day visits (Cat 1 and 2) –By notifying in writing to EVC/Headteacher

For all Cat 3/4/A visits recorded on EVOLVE, there is a clear procedure for recording minor amendments that do not need further approval in the notes section at the end of the form. For significant amendments that require further consideration and approval, the EVOLVE system requires visit organisers to contact the person who the form is with (this could be EVC/Headteacher or Local Authority) and request that the form is returned for amendments, the form will then need resubmitting after the amendments have been completed.

20. Post visit review and evaluation

It is good practice for Visit Organisers, on return from a visit, to review the visit with the EVC and/or Headteacher and, where appropriate, to record any examples of good practice and lessons learned that might assist with the planning and leadership of future visits. In particular, it is important to record and review any accidents, incidents, or near-misses (i.e. dangerous incidents that nearly happened, but fortunately didn't). It is important that details are recorded as soon as possible after an incident whilst they are still fresh in the memory, preferably with signed witness accounts. Visit Organisers should take copies of the Accident Incident FORM (AIF) and the Accident Incident Investigation Form(AIIF).

Accidents, incidents, or dangerous occurrences must be recorded and reported in accordance with the Council's accident and incident reporting procedures (information can be obtained from the office/ Headteacher/ from the LA Safety Services).

Post-visit reviews and evaluations should be recorded (using the downloadable form (VGA 20.1) in the LA's “Guidance for the Management and Leadership of Offsite Visits” or using the school's own form available from the EVC) and then uploaded to the approved visit form on EVOLVE in the ‘Other Documents’ section – Post Visit Evaluation or kept with the original paperwork if the visit was not approved through EVOLVE.

Post visit reviews and accident/near misses records are reviewed annually by the Headteacher, EVC and Governors. Any lessons learned are shared with all relevant staff, and any necessary changes to procedures made.

After any major accident, the school will undertake a review of the incident and their emergency procedures and will share the findings with the Local Authority for the benefit of other schools. Staff are encouraged to express any concerns regarding the organisation and management of visits in writing to the Headteacher, and these will be taken seriously and dealt with in confidence. If necessary, issues will be considered further by the Governing Body. Significant incidents and issues of concern should also be brought immediately to the attention of the LA Educational Visits Officer and Safety Services
